

It would be great to have
the dirt road south of the
RR Tracks between David &
Marion paved.

When the train is ~~over~~ the tracks
at David & you need to get to the
HMS you have no choice but to
drive on the washboard, muddy
road to get to Marion to go across the
tracks.

We need pedestrian
crossing at David
over tracks

IF/when Hike and Bike Trail
is built, it needs to actually
go somewhere and connect to
the North side, not just stop
at Brickyard

parking @ Bird yard park
Fix Drainage issue from
a street + Emerson pond.

Redacted name

~~Redacted~~ pedestrian on Board
CROSSING @ D. Emerson
for train that sits on
tracks going North & South

Address Heavy Truck Traffic
in Residential Neighborhoods!
South Baltimore is Being used as
Truck Route to Bypass
Burlington

Pedestrian
traffic
safety

Bike Trail along E Street?
How is that a good plan?
