Highlights:

Sheltered increase reflects **increased program participation** in CALWORKS and system-wide **capacity growth**

All major subpopulations —Veterans, Youth, Families, and Seniors— have **decreased rates of unsheltered homelessness**, while **shelter access has continued to grow** across those same groups.

For every **2 people entering homelessness** for the first time, **3 individuals were housed and maintained stable housing.**

More individuals are sheltered than unsheltered, showing real momentum toward **stability and support.**

***"Individuals Assisted" represents unduplicated counts of individuals who received services during the reporting range. Other data reflected on this page includes duplicate enrollments as one client can be served under multiple interventions. (e.g., a client assisted through street outreach may also have been assisted through permanent housing).
