

Pros and cons of four-way stop

| Characteristic | Potential Pros | Potential Cons |
|---|---|--|
| Safety | Reduced crashes | None identified |
| Operations | None identified | Increased vehicle delay |
| Multimodal | Benefits pedestrians and bicyclists because of the low traffic speeds of motor vehicles in the vicinity of the intersection | None identified |
| Physical | Eliminates traffic signal poles | Requires installation of sign poles |
| Socioeconomic | Reduces costs required to electrify and maintain traffic signals | None identified |
| Enforcement, Education, and Maintenance | Eliminates traffic signal maintenance. | Significant education will be required to share the signal removal decision with the public and public officials. The location may initially require periodic police enforcement of stop signs |
